

MEMORANDUM

To: Contracted Providers
From: Golden Shore Medical Group
Date: January 18, 2019
Re: **GOLDEN SHORE MEDICAL GROUP- NOTICE OF TERMINATION**

Effective February 1, 2019, Golden Shore Medical Group (GSMG) and IPA Network will be terminating all of its payor contracts, and thus will cease conducting business. This means that all provider contracts, including Primary Care, Specialist, Hospital-Based, Ancillary, and Hospital contracts will be terminated as of February 1, 2019.

Unfortunately, our contractual terms with Molina Healthcare of California could not be negotiated and the business declined as a result of the loss of the agreement making it difficult to justify keeping Golden Shore Medical Group open beyond January 31, 2019.

We ask that you work with Molina Healthcare, Brand New Day, Central Health Plan, Easy Choice Health Plan and Aetna as it pertains to this transition. GSMG will be working with these health plans and Network Medical Management (MSO) to limit any affects to the Providers rendering services, and most importantly the patients under care.

Services approved by GSMG through January 31, 2019 should be performed by the contracted entities authorized to render care. For dates of service on or after February 1, 2019, you will need to work with Molina Healthcare, Brand New Day, Central Health Plan, Easy Choice Health Plan and Aetna to determine payor responsibilities.

GSMG and Network Medical Management (MSO) will not be responsible for capitation, eligibility, claims, or utilization management processes with dates of service after January 31, 2019. Please contact Molina Healthcare, Brand New Day, Central Health Plan, Easy Choice Health Plan and Aetna should you have any further questions.

We would like to thank all the Providers in our network for the support with the transition in 2018 to Golden Shore Medical Group.
