Date: July 2, 2018
Re: Medi-Cal Screening and Enrollment (APL 17-019) #M201807-02

As a reminder to all Physicians and Contracted Providers who service Medi-Cal patients, **per the All Plan Letter (APL)17-019, starting January 1, 2018, all participating providers were required to complete the DHCS screening and enrollment process. Since this is a State regulation, Physicians and Providers who do not complete this process, will be terminated from participation in Medi-Cal Managed Care.**

If you have not completed this, please ensure that your office has completed the DHCS screening and enrollment process by July 30, 2018.
